	<u>2001</u>	2002	<u>2003</u>	2004	2005

Net	\$317,678	<u>\$311,571</u>	\$423,937	\$394,181	\$408,857

Assumed

The Company does not reinsure other companies.

Ceded

The Company has all of its reinsurance through Grinnell Mutual Reinsurance Company (the reinsurer) under an individual occurrence of loss excess with aggregate excess plan reinsurance agreement.

The first occurrence of loss section of the agreement covers fire and wind risks. The Company retains

\$25,000 per occurrence and the reinsurer's limit is \$25,000 per occurrence. First occurrence of loss rates are calculated based on net recoveries paid by the reinsurer, with minimum rate of .3126 and a maximum rate of 1.8942 per \$1,000 of adjusted gross risk in force. The individual excess of loss section of the agreement covers wind and fire risks. The Company retains \$50,000 for each loss occurrence and the reinsurer's limits are \$500,000 for dwellings, commercial and public property and livestock, poultry and horse operations and \$750,000 for farm outbuildings. Risks in excess of these limits may be ceded to the reinsurer on a facultative basis per the agreement provisions. Rates and acceptability of risks ceded under the facultative provisions are determined by the reinsurer on an individual basis. The annual premium rate paid to the reinsurer for individual occurrence of loss coverage in 2005 was \$.4341 for fire and \$.1149 for wind per \$1,000 of adjusted gross fire risks in force.

The aggregate excess section of the agreement covers fire and wind risks. The Company's annual aggregate net retention, or attachment point, is based upon the Company's ten-year average fire loss ratio plus a load, which is mutually agreed upon. The reinsurer is liable for 100% of losses in excess of this retention. The attachment point for 2005 was \$189,279 and the annual premium paid was \$.8463 per \$1,000 of adjusted gross fire risks in force.

The agreement provides for liability risk coverage. The Company cedes 100% of the risk and premium to the reinsurer and receives a 20% ceding commission.

The Company is contingently liable for all reinsurance losses ceded to others. This contingent liability would become an actual liability in the event that any assuming reinsurer should fail to perform its obligations under its reinsurance agreement with the Company.

ACCOUNTS AND RECORDS

The accounting records are maintained by the Company on an accrual basis. The Company prepares the annual statement and tax filings.

FINANCIAL STATEMENTS

The following financial statements, with supporting exhibits, present the financial condition of the Company for the period ending December 31, 2005, and the results of operations for the year then ended. Any examination adjustments to the amounts reported in the Annual Statement and/or comments regarding such are made in the "Notes to the Financial Statements," which follow the Financial Statements. (The failure of any column of numbers to add to its respective total is due to rounding or truncation.)

There may have been differences found in the course of this examination, which are not shown in the "Notes to the Financial Statements." These differences were determined to be immaterial, concerning their effect on the financial statements. Therefore, they were communicated to the Company and noted in the workpapers for each individual annual statement item.
